

## Participants required – native English speakers

The Audio Processing Laboratory, Bar-Ilan University Faculty of Engineering, together with General Motors (GM) are seeking native English speakers to participate in a scientific experiment.

The participants will be asked to read short sentences from a standard set and their audio and video will be recorded.

- Recording sessions will be held during February-March.
- Covid-19:
  - Participants must present a green-pass, Antigen tests will be held prior to entering the recordings enclosure.
  - Recordings are held in a parking vehicle without masks. Each participant will be recorded while sitting alone in the vehicle.
- Location: Herzliya Pituah
- Duration: 4 hours (50 NIS per hour X 4 + 50 NIS traveling fee = 250 NIS)
- English native speaker – Must
- Payed participation
